Correspondence- None

1. Little Suamico Fire Department Report- Chief Zuge gave his report. There were 11 calls in the month of April. Chief Zuge emphasized the dangers on the Highway with distracted driving. Chief Zuge also read correspondence he wrote regarding the power outage parts of the Town had during the last storm.

I would like to clarify the actions taken by the town with the recent snowstorm and subsequent power outage. First, the Fire Department was in communication with the Town Chairman Tuesday evening when the storm had first begun and informed him of the situation with downed power lines across the town. Wednesday, the Fire Department, and members of the board had conversed to have a plan in place should the State/County declare a State of Emergency. Thursday when the town was contacted by Sheriff Skarban about opening the Town Hall as a warming/charging center we agreed, and the Town Hall was open from 9am-8pm.

Citizens were also questioning why the Town did not use the Municipal Emergency Operations Plan that was developed to operate under the county. To initiate this plan a State of Emergency must be declared by the State or County, or a Municipal Disaster Proclamation must be Ratified by Resolution. None of these took place to put the EOP into action.

I hope this provides some clarity as to why things were done in the manner they were. The Town Board and Fire Department do care about the people of this town and do our best to protect them during times of crisis.
